

Research a famous ship disaster, present your findings however you like.

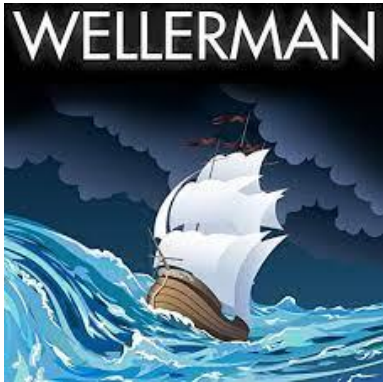

What did sailors eat on ships in the 1920's? What did they lack in their diet? What problems were associated with this? Design a healthy homecoming meal for a hungry sailor.

Can you name a sea scape artist? Research famous artists who focussed on the sea. Create your own seascape in the style of the artist you studied.

Design and build a boat. It has to float and carry some weight. You could include safety features in your design. Film or photograph the results.

Write your own sea shanty. You could perform and record it to share with the class.

What can you find out about some extreme weather conditions? Have there been any recently? You can choose how you present your findings to the class.

Create a shoe box diorama depicting life in 1928. It can only contain items that were around at the time.

Mystery Task:  
Use your imagination and come up with an idea of your own.
