

Design a clothing range for a mountain expedition, this could include footwear and bags. You can include your own logo. What features of the clothing would be important to highlight?

Complete some research on a famous mountain climber. Why did you choose this climber? What impact did they have on exploration?

Discover how explorers used to prepare for mountaineering. How have skills and equipment developed over the centuries? Is climbing safer now or are explorers pushing the limits?

Look up a recipe for a protein bar that would be suitable for a long journey in the mountains. Can you make some? Feel free to bring them into school, as long as they do not contain nuts!

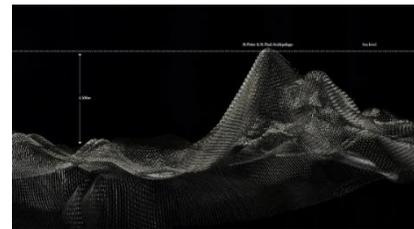

Write a script depicting a real life mountain adventure! Include researched facts about the event and maybe have a go at acting it out with your friends.

Design a poster/or guide outlining the safety considerations when hiking in or exploring mountain environments.

You will need to consider advice on how to keep the person safe and how to keep the environment undamaged.

What is the tallest underwater mountain (seamount)? Write a newspaper article for the day this was discovered. Describe the sea life that was found and how they recorded their discoveries.

Mystery Task:
Use your imagination and come up with an idea of your own.
