Achieve

What a month!

What a busy month it has been!

Trips to the beach, a trip to the airport, the Euros, Year 3 wrote letters to David Attenborough, the Euros, a very positive visit from our link adviser, sports success and of course the Euros.

May I take this opportunity of thanking the parents who

attended our virtual New Reception Parent's Meeting and the virtual Meet the Headteacher meeting. I trust you found them useful.

Watch out for the beach news magazine as our year 6 writing group have a three page article that they have written.

Mr Vallier

Year 1 at Shoreham Airport

COVID update

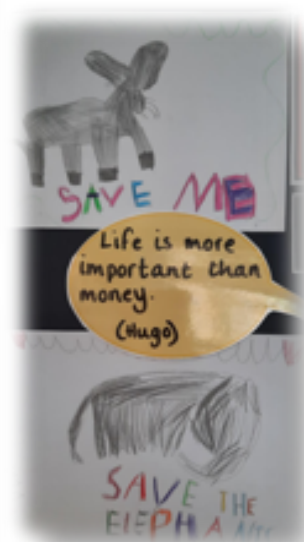

Several of you have asked about September and whether we will be running clubs and offering hot meals again. As soon as we receive confirmation that the government has lifted the COVID restrictions – we will let you know the arrangements for September.

Could it be magic?

Magician George Horlock visited for our whole school treat. A massive thankyou to the PTFA for making it happen!

Reception

Eco Poems

Year 4 looked at a poem called 'Names' during Reciprocal Reading. This then inspired the children to write their own eco poems.

Save Our Planet

My name is 'Couldn't care more',
Don't let the forest cry.
My name is 'We must be bothered',
We don't want our planet to die.

My name is 'Save the polar bears',
They are animals that we should adore.
My name is 'Stop the ice melting',
You will care once the melted ice bursts
out to our shore.

My name is 'Stop the oil in the sea',
If turtles die we really will want to cry.
My name is 'Save the seagulls',
They will be next to die.
If you want to stop pollution,
Then now is the time.

My name is 'Be an ecowarrior',
Time is running out.
My name is 'Stop this now',
Or we will all be full of doubt.

By Nina Wilson,
Year 4

Help the Environment

My name is 'Do what you can',
Help the revolution.
My name is 'Don't drive',
We don't want pollution.

My name is 'No fossil fuels',
No coal to burn.
My name is 'Please help me',
We want more ferns.

My name is 'Save carbon',
Don't let it go.
My name is 'No litter in the sea',
We want it to flow.

My name is 'Don't catch fish',
They live down there.
My name is 'Don't crush their habitat',
We want a home for not just one bear.

My name is 'No trees cut down',
It hurts our friends.
My name is 'I'm not a ditherer',
We need to make amends

My name is 'Save the world',
We can't let it die.
My name is 'Don't hurt our planet',
HOW DARE THY!

By Ronnie Sharman
Year 4

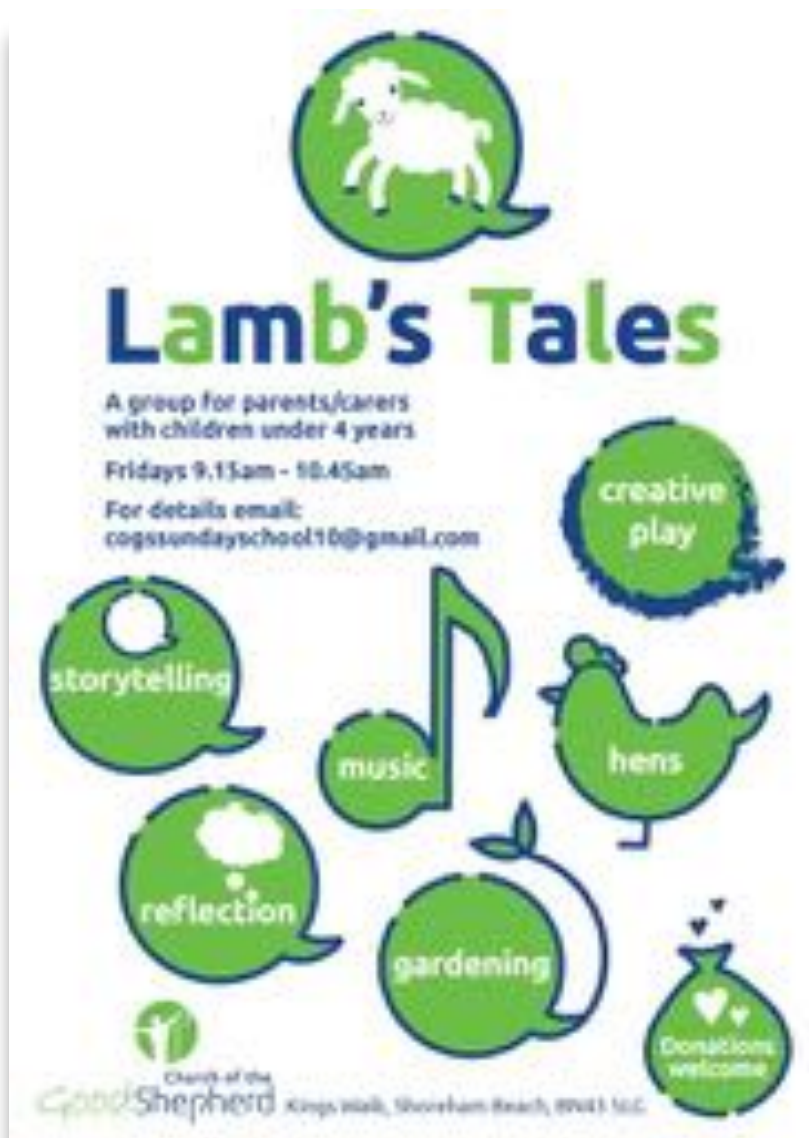

Sports Success!

Well done to our Year 6 girls' football team and to our Year 3 and Rounders team!

Albert

Congratulations to Albert Jeffery
(Year 4) who cycled 46 miles over
3 weeks and received a Mount Fuji
medal.

Plants

Thank you to
Emiliano's mum
who donated
plants on behalf
of M&S

Science in Years 1, 2 and 5

Year 2 cleaning water and cleaning coins.

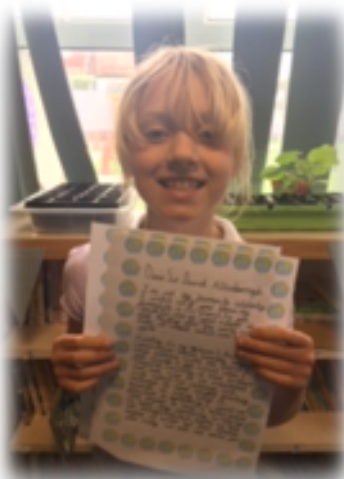

Irreversible Change in Year 5

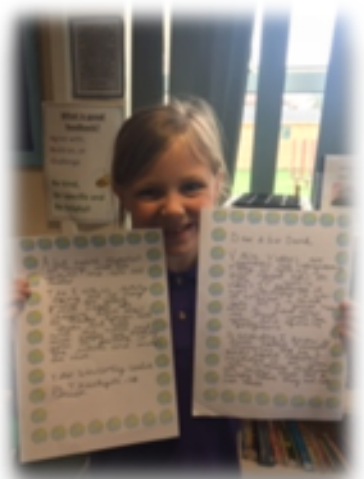

Year 5 have been investigating irreversible changes. We made bread, with and without sugar and then cakes, with and without vinegar as a raising agent. We made predictions too and then our conclusion included the science of what reactions had occurred.

Year 3 Letters

Year 3 wrote letters to Sir David Attenborough about how we can conserve the Earth and were delighted when they received a whole class reply!

Year 6 Disability Art

As part of our learning journey about inequality, Ocean Class have been discussing how the world can be unfair for groups of society such as those who are differently abled, BAME etc. We learnt about some very talented foot and mouth painters and admired their work. Then we had a go at painting in this way ourselves which led us to realise just how incredibly difficult it is!

11am till 4pm

BBQ 12.30pm

Raffle drawn at 3.30pm

Home-made cakes

- ▶ refreshments
- ▶ raffle
- ▶ craft stall
- ▶ bric a brac
