

# Minnows Home Learning

Every Friday we will update the VLE with the weekly learning plan for the following week.

## Literacy

Find time to sit and share a book with someone in your family. If you have a reading pack, then read daily and ask an adult to record it on your reading sheet.

The VLE is updated weekly with the Phonics sounds we are learning each week.

Useful websites to support our phonics are:

[www.phonicsplay.co.uk](http://www.phonicsplay.co.uk)  
(free phonics games and resources)

Alphablocks - available on BBC iPlayer.

## Maths

Practice counting to and beyond 20. Identify numbers in your environment (eg. door numbers, food packaging, car number plates) and solve problems using numbers.

Identify and describe 2D and 3D shapes around you.

Look for and talk about different patterns (eg. repeating patterns).

Useful websites:

[www.topmarks.co.uk](http://www.topmarks.co.uk) (free maths games)

Numberblocks - available on BBC iPlayer.

## Learning Journey - The Wild.

Can you find out 3 facts about a wild animal?

Can you make a 3D model of a wild animal?

Can you sing a song about wild animals?
